**Innovation
Technology
& Market
Leadership**

Dear Valued Customer:

I am pleased to announce that ITML and its divisions, including Kord Products, Kord Valmark and Planter's Pride, have entered into an agreement to be purchased by Myers Industries, Inc., where we will continue to serve our customers across North America as part of the Myers family of industry-leading companies.

This combination brings an unprecedented level of innovation, product selection, technology, and marketing resources to all our customers. Throughout the next several months, we will work together to build on these strengths with a focus on providing you the best value in products and services.

Be assured that our relationship with you will remain our top priority. Kord will continue to operate as an independent business unit, yet you will benefit from the wider range of capabilities and product solutions we will bring to the market.

The company we are becoming part of, Myers Industries, was founded in 1933 and is traded on the New York Stock Exchange under the symbol "MYE". The company had net sales of \$903.7 million in 2005. Myers manufactures plastic and rubber products in more than 20 facilities covering North and South America. The company is a leader in the following product categories: horticulture containers (under the Dillen, Pro Cal and Listo brands); reusable plastic material handling containers and pallets, serving manufacturing, distribution and food markets; and engineered plastic and rubber components for the automotive, RV, heavy truck and off-road vehicle markets. Myers is also the leading U.S. distributor of tire service products, with 36 branches nationwide. Visit www.myersind.com to learn more.

Absolutely, you will have questions over the next few months. Growing your business through selection, quality, and superior service is our continued commitment. The ITML / Kord value promise to you, "Innovation," "Technology," and "Market Leadership," is more meaningful today, as we combine our strengths with the Myers brands to meet the changing markets.

We look forward to this transition process and the groundbreaking strides we will make to further earn both your trust and your business. I want to personally thank you for your support over the years and we all look forward to your continued business relationship.

If you have any questions, please feel free to contact your Kord representative.

Sincerely,

A handwritten signature in black ink, appearing to read "Ed Hensen", with a long horizontal flourish extending to the right.

Ed Hensen
President
